<p>Welcome</p> <p>Malcolm welcomed all to the meeting and confirmed officers as himself as chair, Nigel Hemsted as secretary and Dave Arnott as Treasurer.</p> <p>Malcolm requested volunteers to shadow both himself and also Alan Tulip (results processing) as preparation for when these roles need to be handed over.</p>	
<p>ARC vs EA</p> <p>Malcolm proposed that event licensing and insurance move from EA to Association of Running Clubs (ARC).</p> <p>Advantages are Registration and licenses can be done centrally No surcharge for runners who are not individually affiliated to EA No need for Level 2 official</p> <p>One issue raised is that ARC stipulate that race numbers are worn with any medical conditions noted on the reverse. Agreed that each club will inform medical team (Collingwood) of any medical conditions for runners from their club who are likely to be taking part in races in the RR10 series before first race (20th April)</p> <p>Meeting agreed to these new licensing arrangements</p>	<p>All club reps</p>
